

Learn About Our Amazing Leaders

Meet Mr. Carty

Students, you probably think you all know about our Principal Tom Carty. However, you don't know anything about his past. Keep reading and this newspaper article will tell you all about his past life so you can get to know him better.

Our Principal was born in the midwest region of the United States in Columbus, Ohio-a long way from New York City. He is the oldest in his family and has one sister and one brother. Since he was 5 years old, his dream job was to be a firefighter. But, that wasn't going to be his career. Instead he joined the military where he served as an Army Sergeant for 6 years. He then attended Queens College and majored in Education and History. He loved history and spent most of his time studying it. He then decided to become a teacher, then an Assistant Principal and then the Principal of our school. When asked what super power he would choose if he had a choice of any superpower in the whole world he said he would like to fly. Why? Well, then he could check on all the classes and all the students all the time.

That is the story of Principal Carty. We hope through this article you have come to know him better. We found interviewing Principal Carty very interesting and we are glad to have gotten to know him better. We are also very happy he never became a firefighter..... and instead is Principal of our school.

Additional facts: **Birthday**-December 16 **Favorite sports**: basketball and tennis **Favorite things to do**: read, exercise, play basketball and spend time with his family
Reporter Kevin McGovern and Alyson Moreno

<p>We had a chance to interview Ms.Snell!
